

French-Japanese Workshop on Pulsar: Emission, Evolution, and Environments

Program

Monday March 2nd

Session 1 (Chair: Shuta Tanaka)

13:00 – 13:05 Shuta Tanaka, Aoyama Gakuin University

“Opening”

13:05 – 13:50 Jérôme Pétri, Université de Strasbourg, Observatoire astronomique

“Pulsar multiwavelength emission”,

13:50 – 14:35 Shota Kisaka, Hiroshima University

“Pulsar emission geometry”

Coffee break 15min.

Session 2 (Chair: Shota Kisaka)

14:50 – 15:35 Alexandra Lorange, Université de Strasbourg, Observatoire astronomique

“Spin-orbit alignment in Millisecond Pulsars”

15:35 – 16:20 Mattéo Sautron, Université de Strasbourg, Observatoire astronomique

“Pulsar population synthesis”

16:20 – 17:05 Shuta Tanaka, Aoyama Gakuin University

“Turbulent Particle Acceleration inside young Pulsar Wind Nebulae”

17:05 – 17:10 Jérôme Pétri

“Cloising”

SOC/LOC

Shuta Tanaka, Shota Kisaka & Jérôme Pétri
